## Itinerary Overview

### Lima

Wednesday, 29 April 2020

#### Arrival in Lima

Direct flight to Lima on a Wednesday, arriving the same day in the evening, and staying for 2 nights.

Thursday, 30 April 2020

#### Tour of Lima

Afternoon tour of the city including the historic centre. Visit the Presidential Palace, Plaza San Martín and the Larco Herrera Museum, with a fabulous collection of ancient artefacts from all over Peru.

### Arequipa

Friday, 01 May 2020

#### City Tour & Santa Catalina Convent

Leaving in the morning, fly to Arequipa, Peru's second largest city, set in a rich green valley at the foot of the mighty El Misti Volcano. The buildings in the centre have been built almost exclusively of the volcanic material 'sillar', a white, porous rock, giving Arequipa its nickname of 'The White City'.

Your guide and transport will meet you at your hotel for a delightful city tour which visits the church of La Compania and other colonial buildings, including the Plaza de Armas and the Cathedral. The Santa Catalina Convent once held some two hundred nuns and is a maze of colourful alleyways and rooms, providing a fascinating insight into the way the nuns once lived.

## Colca Canyon

Saturday, 02 May 2020

### Journey to the Colca Canyon

We start our journey by travelling along the Yura highway which runs along the snow-capped mountains of Chachani towards Pampa Canahuas. On the route there are several short stops to visit the Villages of Callalli (Callalli's Castles) and Sibayo, before arriving in Chivay, staying at a local lodge for 2 nights.

Sunday, 03 May 2020

### Tour of the Colca Canyon

Our full day tour into the world's deepest Canyon to walk along the ancient farming terraces, the local villages and communities where people still dress in their traditional clothing, and visit the Cruz del Condor lookout point, with a chance of seeing the magnificent Andean Condors soaring above.

## Lake Titicaca

Monday, 04 May 2020

### Journey to Lake Titicaca

We continue our journey across the altiplano desert landscape to Puno on the shore of Lake Titicaca, staying for 2 nights.

Tuesday, 05 May 2020

### Visit Uros & Taquile Islands

Full day excursion by boat onto the lake, beginning with the floating reed islands of Uros. Although the Uros Indians of these islands have intermarried with Aymaras and no pure-blooded Uros exist, many of the inhabitants of the islands still practice the old traditions of fishing, trapping birds and living on the lake plants. The totora reeds which grow abundantly in the shallows of the lake are used to build and maintain their floating islands, their boats, and also their houses.

## Sacred Valley of the Incas

Wednesday, 06 May 2020

### Bus or train journey to Cusco

Journey by bus (tourist) or private vehicle (first) to Cusco. The other options are to travel by train aboard Peru Rail's Titicaca train or for the ultimate travel experience upgrade to the Andean Explorer, with lunch, high tea and entertainment included. Whatever mode of transport you choose, this is an unforgettable journey across the Andean altiplano, offering dramatic landscapes throughout. You will stop at local villages and markets and meet the people that make this remote region their home.

On arrival in Cusco, you will be met by our representative and taken to your hotel in the Sacred Valley, staying for 3 nights.

Thursday, 07 May 2020

### Tour of Sacred Valley

Enjoy our extensive, special Full Day tour of the Sacred Valley. Begin by visiting the market at Chinchero, where locals come to barter and sell local produce and handicrafts. Also visit a local weaving collective, to learn the traditions of weaving by hand on a back-strap loom. Next you will proceed to Moray, thought to have been an open-air crop laboratory of the Incas, followed by the pre-Inca salt pans of Maras. After lunch, visit the stunning fortress town and ruins of Ollantaytambo. This large archaeological complex is believed to have been a significant agricultural, administrative, social, religious and military centre. The town itself is geometrically perfect; with straight streets, trapezoidal doors, and Inca drainage systems. Finally we travel to the colonial town of Pisac, built on the ruins of an Inca citadel and located at the entrance to the immensely fertile Urubamba 'Sacred' Valley. Here you can see the bustling market, and watch the sunset over the mountains from the ruins.

## Machu Picchu

Saturday, 09 May 2020

### Train Journey to Machu Picchu & Guided Tour

Board Peru Rail's 'Vistadome' train at Ollantaytambo for the journey to Machu Picchu. This is a spectacular journey through a dramatic and changing landscape with some fantastic views. Upon arrival in Aguas Calientes, you will be met by your guide and travel via a winding road up the mountain before finally glimpsing Machu Picchu. After lunch at Machu Picchu Sanctuary Lodge you will have a private guided tour of the extensive archaeological site to learn about the history and culture of the Incas.

## Cusco

Sunday, 10 May 2020

### Machu Picchu and return to Cusco

The morning is free to explore. You may wish to climb Huayna Picchu, a steep climb but well worth it for the fantastic views of the valley and a different perspective of Machu Picchu. Alternatively, there is a gentle climb, back along the Inca Trail, to Intipunku: the Gate of the Sun, and the first sight one has of the complex if walking the Inca Trail. In the afternoon, take the bus back down to Aguas Calientes and the train back to Ollantaytambo Station and on to Cusco.

Monday, 11 May 2020

### Tour of Cusco

Beginning in the main square of Cusco we visit the cathedral, built by the Spanish on Inca foundations and with an unusual local variation of the painting of the Last Supper. We also visit Qoricancha, the Temple of the Sun, part of which survived having a Colonial church built on top of it. From the city centre we travel into the mountains above Cusco to visit the archaeological sites of Sacsayhuaman, Puca Pucara and Kenko. The mighty fortress and complex of Sacsayhuaman was built with massive stones, some weighing over 100 tons, and which all fit together like a jigsaw, without mortar.
